Address

Flat no-707, Saloon building
Sharjah Al Qasmia, UAE

Education

Bachelor in Civil Engineering.

Dayananda Sagar College of Engineering.
2011-2014

Diploma in Civil Engineering

Government Polytechnic Karwar.
2008 - 2011

Key Skills

- Detail-oriented with a focus on accuracy from design to execution.
- Strong problem-solving skills to minimize project disruptions.
- Excellent communication skills, collaborating effectively with teams and clients.
- Quick to adapt to new technologies and processes to meet evolving project needs.

Software Skills

- Auto CAD
- E-Tabs
- STAAD Pro
- Safe
- MS-Office

Profile

Civil Engineer with 10+ years of experience in project management, planning, and executing civil projects, specializing in industrial facility and Building construction. Skilled in quality control, technical expertise, and team leadership, with a proven ability to deliver projects on time and within budget. Seeking a challenging role in construction or management to apply my skills and drive project success.

Professional Experience

2021
-
Present

Civil Structural Engineer

UNICO Designs and Construction

- Reviewed structural elements in AutoCAD based on project requirements.
- Secured permits and approvals from local regulatory bodies.
- Estimated costs for materials, labor, and equipment to maintain budget compliance.
- Selected materials considering strength, sustainability, and cost-efficiency.
- Developed quality control plans aligned with industry standards and regulations.
- Coordinated with contractors and vendors for timely project execution.
- Supervised daily construction activities to ensure design and quality adherence.

GULF EXPERIENCE - April 2017 - Jan 2021
