PROFESSIONAL EXPERIENCE

Schindler Elevators & Escalators LLC – UAE

Senior Role: Warehouse & Logistics Coordinator – Asset Management 2014 – 2025

Supervised daily warehouse operations including receiving, storage, picking, packing, and dispatch with 99.5%+ inventory accuracy through systematic cycle counting and warehouse movement control.

Managed SAP Inventory Management transactions: GRN, GIN, stock transfers, reservations, and POD to ensure real-time stock visibility for 50+ project sites.

Administered Hilti ON! Track system for 500+ tools & assets, ensuring 100% accountability, calibration tracking, and 3rd party inspection & service

coordination.

Conducted site audits & asset control for tools and materials at installation sites, verified physical vs. system quantities, and ensured compliance with project requirements.

Performed work welfare audits for warehouse and site staff, prepared compliance reports for management, and ensured adherence to UAE labor welfare standards.

Led warehouse & tools 3rd party inspections, coordinated service schedules with external vendors, and maintained full audit trail for compliance and warranty claims.

Implemented and enforced FIFO/FEFO procedures for warranty-critical components, eliminating expired stock and preventing project delays.

Handled team scheduling & workforce planning for 15+ staff, aligning shifts with project demands and improving dispatch speed by 30%.

Managed customer service & support operations as primary warehouse contact for site teams, resolving urgent material requests, shortages, and delivery issues.

Coordinated with 3PL providers across UAE, monitored SLAs, managed claims for damages/shortages, and controlled logistics costs.

Maintained full HSE & Fire Safety compliance as Office Emergency Commander, conducted safety audits, inspections, and drills with zero LTI records.
